Episode 34 – Latest ATO statistics and current SMSF compliance issues

A new year and 2016 opens with a lot of noise attracting media attention around tax reform in general, as well as superannuation. At the moment everything is just noise and for SMSF trustees it is business as usual until some concrete policy emerges.

In this episode we discuss the latest ATO statistics as well as recent SMSF issues we have experienced with:

- Loss of capacity
- Marital breakdowns
- Off the plan property purchases
- The ATO and limited recourse borrowing arrangements

As always, it is worth to seek out professional advice from SMSF experts before entering into any transactions.
